Adorable Cottage in Alachua

Whether you are buying your first home, or downsizing, you always want a nice neighborhood to live in. Alachua Hills is located just south of the city of Alachua off 441 with no home owners association and the neighbors are absolutely wonderful.

This cute 3 bed/1bath has a great floor plan. The laminate wood flooring looks fabulous. The vaulted ceiling has beautiful tongue and grove pine with cedar beams. There is a gas range and dishwasher. Laundry closet includes a new stack-able washer/dryer.
All three bedrooms have built-in closet storage, to make the most of the space.

Enjoy the privacy of a corner lot. The yard is a good size, and you even get a shed with electricity. The location is ideal, just up the road is I-75. Taking the back roads or the interstate you are about 15 minutes to Gainesville.
