## Pool Home in Hunter's Glen

The exterior of the home is easy to maintain brick. Entering the foyer through the double front doors, there's a private place to greet visitors and a convenient coat closet. The foyer opens to the formal living and dining area on your left. Heading forward you'll find the family room, kitchen, and breakfast nook. The centerpiece of the space is a cozy wood burning fireplace for those cold winter nights.

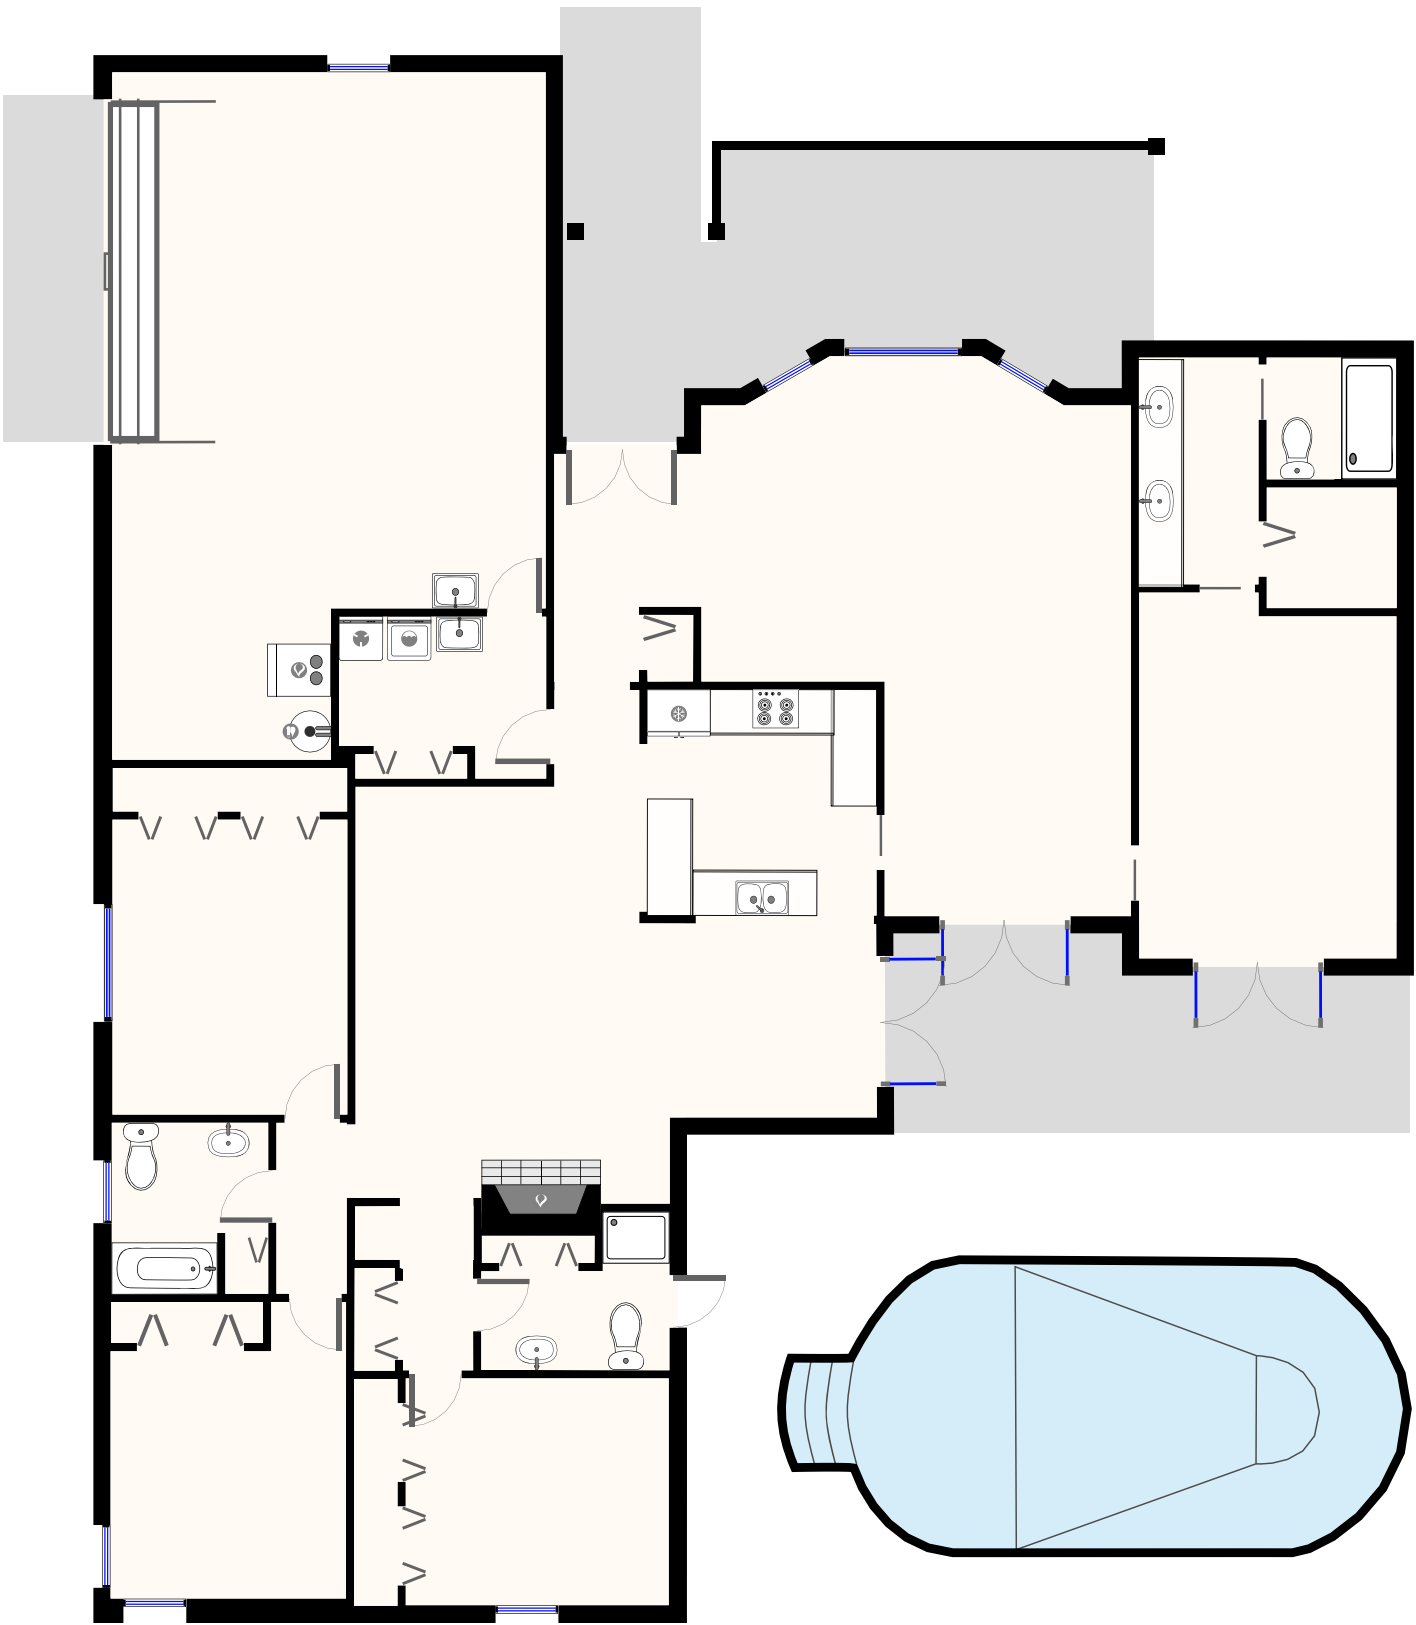

The kitchen has plenty counter space and storage, and is open to the family room and formal dining room. There are two bedrooms down a small hall sharing the hall bathroom. There's also a fourth bedroom with a private bathroom that makes a perfect guest suite.

The large master suite is at the other end of the home. With double doors opening onto the pool area you can wake to a beautiful view every day. The large master bath has dual sinks and a separate room for the commode and shower. There is also a spacious walk-in closet.
